In the late 1800's and early 1900's the Town of Ossian officials were also the Town Board of Health. The minutes of the meetings tell how the town board handled the disease smallpox, which threatened the town.

Small Pox in Ossian

Harvey Wampole, a farmer in the Town of Ossian, died of smallpox Sunday night. It is said that he was at Canisteo a short time ago and got on an emigrant train to ride to Hornellsville, and it is supposed that he caught the disease at that time. He was attended by Drs. LaMonte of Ossian and Pratt the elder of Canaseraga. He left no family except his wife, who with her father, Joseph Hiuman, are confined at home, the house being located on a cross road and some distance from neighbors. When Women Won Right to Vote

New York women achieved the right to vote in State elections in 1917, three years before the ratification of the 19th amendment to the constitution giving women the right to vote in national elections. The result followed 50 years of fund raising, marching and rallies. This was achieved despite the fears that when a woman received the right to vote, “political gossip would cause her to neglect the home, forget to mend our clothes, and burn the biscuits”

World War I

World War I started July 28, 1914 and ended November 11, 1918 at eleven am – the 11th hour of 11th day of 11th month. The United States entered the war on April 6, 1917, joined its allies – Britain, France and Russia – under the command of Major General John J. Pershing.

We entered the war because of unrestricted attacks by German submarines on American ships and also on ships carrying American passengers. Additionally a telegram, intercepted by Britain, contained information that Germany sought an alliance with Mexico. The “Zimmerman Telegram”, which increased tension, stated that the

German foreign minister promised U. S. territory to Mexico in return for help in the war effort.

The Great War to End All Wars was so destructive that nations wanted to prevent such slaughter from ever happening again. The negotiations were prolonged by such solutions as the League of Nations. The terms of the Treaty of Versailles in 1919 were so harsh that it set the stage for World War II.

Fall Walk

October 15, 2016 was a beautiful fall day for our fall walk. A group of us met at the town hall and drove to the Canaseraga State Forest off of Blank Hill Road. We walked through the forest for a ways and then entered a field. The view from the field was amazing. We could see Groveland, the Acomb farm on the Hornell Road, McCurdy Road and some of us could see our own barns and other buildings. The main idea of the walk was to be on part of the McCarthy Road which ran from Blank Hill Road to near the Canaseraga Town Line. The road was supposed to be another road to Canaseraga and is shown on the 1916 map of Ossian. Sometime later it was abandoned.

Dansville Express

On November 30, 1916 the Dansville Express reported that Livingston County has two towns in which there is no post office-Ossian and West Sparta. Ossian had two post offices at one time, one at Ossian Center and the other in West View. They both were closed in 1902.

Christmas Advertisements

At this time of year all of us are overwhelmed with advertisements which are in newspapers, our mailboxes, on television and the Internet. I decided to see what advertisements for Christmas looked like in December of 1916 and the following are examples of what I found in the local papers. I did not, however, find any Black Friday ads.
